Unified Communications: Unleashing the Power of Collaboration

Akibia's Senior Microsoft engineers have collaborated on an insightful introduction to the practical aspects of Unified Communications. Read Akibia's **whitepaper** to better understand the benefits and pitfalls of Unified Communications, including:

- Critical Building Blocks of UC
- Defining and Planning the UC Initiative
- Technical Trends and Implementation Considerations
- Keys to UC Success and Pitfalls to Avoid

Download this whitepaper at http://www.akibia.com/knowledge/white_paper/

Optimize Your Microsoft Infrastructure; Realize Maximum Efficiencies & Reduce Costs

In this economy, IT organizations are challenged to optimize and maximize the value of their existing IT infrastructure. As a Microsoft Gold Certified partner, Akibia can help you realize greater efficiencies in your current infrastructure and reduce costs by making sure you get the most from your Microsoft investment.

Microsoft has enhanced a wide range of their infrastructure solutions to help you **improve your infrastructure efficiencies** and **reduce operating expenses**. Akibia Professional Services can help you understand which of these new capabilities can best benefit your infrastructure:

- **Windows Server 2008** - enhanced security features, improved manageability and HyperV virtualization technology can help you to reduce server operating expenses.
- **Exchange 2007** - improves office productivity with full integration with Unified Messaging and implements the vision of user presence tracking no matter where that user is – home, office, or mobile.
- **Microsoft Office Communication Server 2007** - delivers a single infrastructure for enterprise communication.

Akibia's Professional Services can help you to understand how these Microsoft solutions can deliver the best efficiencies to your business and help you identify the best time to implement. For a limited time, Akibia is providing you with an opportunity to speak with one of our Senior Microsoft Consultants at your location *absolutely free*.

Call now to have Akibia schedule your **FREE 90-minute Microsoft Optimization whiteboard session with one of our Senior Microsoft Consultants**.

This Whiteboard Session is an opportunity to informally discuss your Microsoft infrastructure environment and receive recommendations on the best optimization strategy based on your organization's unique requirements. For more information contact your Akibia Sales Representative or call **1-866-4-AKIBIA**.
